TruScreen Market Disclosure Policy

Introduction

TruScreen Limited (the “**Company**”) has shares quoted on the New Zealand Stock Exchange’s NZAX Market and is committed to keeping the market and its shareholders informed of all information relating to the company as required by the NZAX Listing Rules, NZAX Guidance Notes and the Financial Markets Conduct Act 2013.

Purpose

The purpose of this policy is to promote the timely and balanced disclosure of all matters to ensure:

- The Capital Markets are informed at all times of relevant information to promote transparency, efficiency and fairness;
- Equality of information so that no investor is disadvantaged against another and all investors are able to make informed investment decisions; and
- Promote effective, balanced and understandable communication with shareholders.

Scope

This policy applies to the Board of Directors (“**Board**”), senior management and all employees, secondees, contractors and consultants of TruScreen and its subsidiaries (“**TRU person, TRU people**”).

Key Principles of Disclosure

TruScreen is subject to the disclosure obligations of Section 10 of the NZAX listing rules which requires that once TruScreen becomes aware of any Material Information concerning it, the Company immediately releases that Material Information to the NZX.

The disclosure of this information to any other parties before it has been released to the NZX is prohibited.

Material Information is information that:

- A reasonable person would expect, if it were generally available to the market, to

have a material effect on the price of TruScreen's listed securities; and

- Relates to particular securities of TruScreen, or to TruScreen itself (rather than to securities generally or issuers generally).

Some examples of what constitutes Material Information can be found in Appendix A of this policy.

Disclosure Reporting

The Chairman and CEO, or a Disclosure Committee, will be responsible for ensuring the company complies with its disclosure obligations and this Policy.

As soon as a TRU person becomes aware of information that is or may be material, they must either consult with the Chairman and CEO, or the Disclosure Committee, with all relevant information which, depending on the circumstances, may include:

- A general description of the matter;
- Details of the parties involved;
- The relevant date of the event or transaction;
- The status of the matter (e.g final, negotiations still in progress, preliminary negotiations only);
- The term or value of the transaction; and
- The estimated effect on TruScreen's financial position.

Following receipt of the information, the Board will be advised immediately and a meeting convened to consider the matter. If there is likely to be any delay in releasing any **Material Information**, a Trading Halt may need to be requested until such time as the Material Information can be released.

Trading Halt

If necessary, the Chairman and CEO, or Disclosure Committee, may consider requesting a trading halt (refer NZAX Trading Halts & Suspensions Guidance Notes) to ensure orderly trading of the Company's securities and to manage disclosure issues.

Measures to Prevent a False Market

The Company will monitor conventional media for speculation and rumours about the company. It will not generally comment on this unless the speculation or rumours indicate that previously undisclosed confidential information is no longer confidential. In this case, the board may authorize a statement to be released through an Interim Update.
